L. F. BRADLEY. GRAEFENBERG CHILDREN'S PANACEA.

MOST strange and irreponeitable fact meets us at the very threshold of our remarks on this valuable medi-lt is this—that no medical preparation adapted to the various diseases of children and youth, has ever been offered to the public, while at the same time it is established by the most accurate tables of mortality that one-half the ha-mon family dischafter reaching the age of five years? We should suppose that to this great class of buman suf-ferment his one-half of the race—the most auxious and car-nest attention would have been given that medical shill would have been faxed to its utmost capacity to find out a medicine to which mathers and nurses might resort under the constantly recurring necessities which present themselves in this connection. The world is interally crowded with medicines for solute, but towards the sufferings of children no one has seemed to turn proper attention. No one has regarded their condition. No one has seemed to think at possible that the ravages of disease and death smoon them. in possible that he rate that there are numerous Ver-minges and Cordials of some value, but none of these is confined exclusively to one or two forms or disease. The Graetenberg Children's Panacea is the only medicum extant in either hemisphere that is at all worthy of being called a oldren's Medicine or that supplies the great want altu-

raise himself from his bed. He sought aid from physicians, at home and in Europe, but in vain; his esse was pronounced hopeless by thousards, and it was by accident that he succeeded in curing himself. Since he has been practicing medicine, his success in such cases has been unrivalled. He has been aware of the incredulity of the public, and consequently said nothing through the press of his own case, until the character of the medicine was fully established by its success, as shown by the certificates which have been advertised.

I subjoin the certificate of Prof. M. Gassert, of Memphis,
Tenn., with whom I often advised during the time of my.

Mampins, Tenn., April 17, 1352. I hereby certify that I have been acquainted with Dr. J N. Biedsoe and some years ago he was reduced I tolleve lower than I have ever seen any one that afterwards recovered, with what I supposed to be Dyspepsia and Liver affection, and after trying the prescriptions of many Physicians in this as well as other countries, without relief, he finally succeeded with a preparation of his own in being restored to good health.

Physicians are requested to try this preparation. We sel satisfied it will sustain the character we give to it in this

publication.

Henrsville, January 12, 1852.

Dr. Bernson:—I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterative Compound, as a very seperior medicine. My son, aged 15 years, had been under medical treatment about five years for dyspensia and diarrhea—when having almost despaired of his recovery, I concluded to try your Alterative, two bottles of which, I believe, entirely entry him. MICAJAH CAYCE. HUNTSVILLE, Oct. 17, 1859. Dr. Blerson—Some time has elapsed since I gave a cer tificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saving to the public, that my wife had for three or four years been

the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many differen medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

N. B. ROBERTSON. HUNTSVILLE, Sept. 29, 1851.

Dr. Blenson—Having seen the publication of your Alterative Compound, I think it my duty is say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an hour. WM. B. LLOYD.

Gillis County, Tean., Dec. 28, 1861.

Da. Billison :—I feel that I should fall short of my duty you and to those who are afflicted, were I not to further recommend your Alterative Compound. It has entirely re-lieved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

ELIZABETH J. HARWOOD.

This is to certify, that I had suffered for many years with Dyspepsia and Diseases of the Liver. Dr. Bledok - Sir: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years 1 suffered a great deal from Dyapepsia and enlargement of the spleen, and thought that I never would recover. I commenced taking your compound about nine weeks since, and have gained 25 or 30 pounds, and feel about as well as I ever did. HENRY J. GOFF. DR. FRASK'S MAGNETIC CINTMENT. MR. WINTERS had lost nearly all of his hair and had been hald for many years; by the use of three botstored, and now has as beautiful a head of hair as any man could wish. His age is about 50 years. A son of Mr. Warren, of this town, 14 years of age, had heen afflicted with the Asthma from his cradle. He had the benefit of the best medical advice that a loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw; he was emaciated al-

most to a skeleton. By the use of a few bottles of the Oint-ment he was thoroughly cured, and for seven months past has enjoyed robust health. enjoyed robust health.

This was an extreme case of inflammation of the spicer of long standing, has a variety of treatment from no less than of long standing has a variety of treatment from no less than eight different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four months ago and the lady (a Mrs. Dunham,) is still in good health, and able to attend to her usual household duties. Thave treated two cases of Chronic Sore Eyes with the Ointment, both of the patients se nearly blind, as to need an attendant to lead them from place to place. One of them had been afflicted 18 years, the other head the cases. The had the heat relativistics in the place. One of them had been afflicted 15 years, the other about 9 years. They had tried the best playsicians in the State, without benefit; and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Ointment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no case has it failed of giving immediate relief and generally a permanent cure. I have also used it beoeficially in severe cases of Erysinelss. And last but not least, I have within the last year

sipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic Ointment alone!

From a thorough trial of the Ointment in nearly every lisease for which it is recommended, I can confidently refered to the public.

Respectfully Yours,

This mill is a square frame made of wood or cast iron.
